The PCB results are attached. I submitted the Profile and supporting documents. I will let you know as soon as I hear something back from EnviroSAFE.

Please see attached signed waste profile and narrative for EnviroSAFE.
Hoping for good news from the lab today.

CAUTION This email originates from a source outside the company. Please use caution when opening attachments, clicking on links, or following the senders request.

I received feed back from EnviroSAFE and made some changes on the profile. Please see attached profile and UHC declaration page. Both will need to be signed as well as the sampling description.

I made the corrections on the profile you had requested and drafted a brief description of the waste sampling for your review. Let me know if I need to add, correct or delete anything the narrative. I also sent this draft copy to Envirosafe for a preliminary review for their input. Once I receive the PCB results we can wrap it up for final review and submittal.

I will be traveling for the next two days, please respond to Paula with any questions or comments and will assist as needed.
